A/UX 3.0: Spooling to QuickDraw Printers

Article Created: 6 January 1992
Article Last Reviewed: 3 July 1992
Article Last Updated:

TOPIC ---

I can set A/UX up to spool LPR requests to an AppleTalk-based LaserWriter.
Can A/UX 3.0 spool files to Personal LaserWriter LS, ImageWriter, and so
on?

DISCUSSION --

No. You can spool from UNIX to PostScript devices (either serial or
AppleTalk) and to ImageWriters, but not other QuickDraw printers such as
the Personal LaserWriter LS and StyleWriter.
