A/UX: VT102 Man Page Error

Article Created: 25 January 1993

TOPIC -----

This article corrects an error in the man page for VT102 terminal tool. The error is in the man page, both on-line and in the A/UX 3.0 Programmer's Reference, Section 7, VT102, page 14.

DISCUSSION -----

Near the end (long man page) it states: When sending Escape-Left square bracket-lower case C, (`esc[c]`), that the VT102 tool should respond with:

Escape-Right bracket-?6c, (`esc[?6c]`)

The wrong bracket type is specified.

The correct sequence is:

Escape-Left bracket-?6c (`esc[?6c]`)
