Apple Workgroup Server 95: Documentation On-Line (5/93)

Article Created: 28 May 1993

TOPIC -----

What documentation is available on-line for the Apple Workgroup Server (AWS) 95?

DISCUSSION -----

The AWS95 ships with an application called the Apple DocViewer, located in the directory:

```
/Applications/Apple DocViwer v1.0
```

Documents available for viewing with this application are:

- Apple DocViewer ReadMe
- Apple DocViewer Guide
- Server Admin for A/UX 3.0.1
- Basic Skills

Additionally, AppleShare Pro comes with documentation in DocViewer format. When the AppleShare Software is installed, this documentation will be installed in the Documentation folder in the "/" (root) directory.

The standard UNIX man pages are not loaded on the AWS95 unless a custom install has been done.
