## Hewlett-Packard 3000 Connectivity Update

This article last reviewed: 12 April 1990

INFORMATION -----

Tymlabs, Inc., publishers of the Sessions series of terminal emulators for the HP 3000 series, now includes (HP-style) Ethernet support to each of their packages. (Previously, each of the packages supported serial connections only.)

Incidentally, the packages are also available for PC and Macintosh from the HP price list as "Advance-Link".

For more information, search under: "Tymlabs"
