## **AICK: What is the 800 Number for the Registration Server (6/96)**

Article Created: 5 June 1996

TOPIC -----

I have the Apple Internet Connection Kit (AICK), and I am trying to connect to the Internet Registration Server to decide which Internet Service Provider to choose. When I first launched the Apple Internet Dialer, the 1-800 phone number was listed, but I changed the number. I cannot find the original phone number anywhere to change it back. What is the 1-800 number for the Registration Server?

DISCUSSION -----

The telephone number in the AICK, Apple Internet Dialer for the Registration Server is 1-800-247-5067.
