- For technical accuracy.

TOPIC -----

How can I reset the colors of my Labels settings to the original defaults?

DISCUSSION -----

To reset the colors, either remove the existing System file and reinstall System 7, or manually reset the values.

To manually reset the values, open the Labels control panel, click on the color bars displayed on the left, and set the default values as follows:

Color for "Essential"

Hue:	4223
Saturation:	64884
Brightness:	65535
Red:	65535
Green	25738
