System 7: EtherPort Driver Compatibility

Article Created: 11 June 1991

Article Change History

12/10/92 - UPDATED

- To give current version information.

TOPIC -----

I need a list of System 7 compatible drivers for EtherPort Ethernet cards available.

DISCUSSION -----

Shiva no longer supports Etherport products. Eagle Technology supports these products.

Here's a list of the compatible driver versions:

Product	Current Version	Minimum Needed for System 7
EtherPort II (Nubus card 7-8 inches long)	4.2	4.2
EtherPort (Older Nubus Card 12 inches long. Not 32-bit compatible)	2.6	2.6
EtherPort SE	2.6	2.6
EtherPort SE30	4.2	4.2
EtherPort SI	4.2	4.2
EtherPort LC	4.2	4.2

No company supports the EtherPort SC (SCSI unit).
