Writing Center: Reinstall Problems (3/94)

Article Created: 15 March 1994

TOPIC --

I am trying to reinstall my Writing Center application from my Apple Early
Language Connections Backup CD. When I click on Customize, I do not see it
listed. Where is it?

DISCUSSION ---

When you click on Customize on the Apple Early Language Connections Backup CD,
the Writing Center is not one of the options available. If you click on
Teacher's Software (either version 7.0 or 7.1), you will find the Writing Center
as an option to install. So, first click on Teacher's Software for your specific
System Software version, and then click install.
