## Coach Pro and ClarisWorks 4 Compatibility (1/96)

Article Created: 27 November 1995

Article Reviewed/Updated: 17 January 1996

TOPIC -----

I received Spelling Coach Professional (Coach Pro) with the Teacher Productivity Bundle CD-ROM, which is part of the Teach Solution Bundle. However, when I use Coach Pro with ClarisWorks 4, I get the following message, "Coach Pro is having a problem converting the clipboard in this application." Is Coach Pro compatible with ClarisWorks 4?

DISCUSSION -----

Deneba Support has advised that ClarisWorks 4 requires Coach Pro 4.1, which was released in November, 1995. Contact Deneba Software directly for the Spelling Coach Pro 4.1 upgrade, or download a compatibility module form Deneba's support location on America On-Line, eWorld, AppleLink, or CompuServe.

Deneba Support also advises: If you are stuck in a loop with this or a similar message, a way to break out of the loop is to select another piece of text to check, then go back to the original selection and check it again.

The Tech Info Library article titled "Locating Vendor Information" can help you search for a particular vendor's address and phone number.
