Newton: Use Proper Localized Newton OS Patches (10/96)

Article Created: 1 October 1996

TOPIC ---

I have Apple MessagePad 120, which has the German Newton OS installed on it.
Patches are available for the U.S. Newton OS, but not for the German Newton OS.
Can I use the U.S. Patches on the German Newton OS?

DISCUSSION --

No. You must use the proper localized OS patches. You cannot mix the Newton OS
patches.
