Color OneScanner Dispatcher: Window Doesn't Auto Appear (9/96)

Article Created: 20 September 1996

TOPIC ---

The Dispatcher window does not necessarily automatically display when OneScanner
Dispatcher v2.0 launches. This is different than earlier versions of the
Dispatcher. With v2.0 if the Dispatcher window was closed at the time you quit
the program, then the Dispatcher window will be closed the next time you launch
the application.

DISCUSSION --

To display this window, from the Window menu choose Dispatcher or press the
command key and 0 (zero -- not 'oh, this opens the Open File dialog)
simultaneously.
