## LaserWriter IIf/IIg: Using with Ergofeed Sheet Feeder

Article Created: 21 January 1992

Article Last Reviewed:

Article Last Updated:

TOPIC -----

Is there a way to configure the RS-232 port on the LaserWriter IIf/IIg so that we have the same functionality as we had with the LaserWriter IINT/IINTX? We're experiencing difficulties with the Ergofeed sheet feeders from BDT Products, Inc. They won't work, even if we put the thumb switch on position 3 (RS-232 not arbitrated for input).

DISCUSSION -----

BDT has a new PROM and driver for their Ergofeed sheet feeders that make them compatible with the LaserWriter IIf and LaserWriter IIg.

On AppleLink, you can find contact information for the various vendors by clicking the Library Index button to view the folder structure in the Tech Info Library. An alphabetic listing of vendors is in the Third Party Company Directory folder.
