## Apple Print Pack: Supported Drivers (7/93)

Article Created: 13 July 1993

TOPIC -----

Does the Apple Print Pack(M7900LL/A) support IBM 4070ij portable printer?

DISCUSSION -----

GDT Softworks, the developer of Print Pack, says that the IBM 4070ij is supported with the Canon BJ10EX driver. The IBM 4070ij is actually a Canon engine. Print Pack currently ships with the following 4 drivers:

- Canon BJ10EX
- Diconix 701
- Epson FX
- Epson LQ

The Print Pack comes with an upgrade coupon for the full blown version of Power Print directly from GDT Softworks which includes a total of 16 print drivers and Background printing capability. The Print Pack doesn't include Background printing capability. Please contact GDT Softworks directly for information on the drivers available in the upgrade. To locate a vendor's address and phone numbers, use the vendor name as a search string.
