## Scribe: Printing the apostrophe in letter quality mode

When the apostrophe appears in a almost horizontal position on a Scribe
printing in letter quality mode, some people feel that:

1. there is something wrong with their Scribe
2. the Scribe has old ROM's which surely have been upgraded to take care of
   such a noticable problem.

Neither explanation is true. In regular mode, the Scribe prints a conventional
apostrophe.
